

Important Notice

We inform everyone planning to take the Business Career Qualification Test in order to obtain the Specified Skilled Worker (ii) status of residence in the industrial product manufacturing

— that method and period of the test are scheduled to change —

Changes will be as follows:

	Until Reiwa 6th year (FY 2024)	From Reiwa 7th year (FY 2025)
Test method	Pen-and-paper method	Computer-based method
Test period	Twice a year	Three terms per year

***If you are taking the Business Career Qualification Level 3 to use it as the written exam for the Manufacturing Sector Specified Skills No. 2 Evaluation Examination, you will need to take the test using the computer-based test method.
The purpose of the test will be confirmed when you apply to take the test.**

The detailed schedule will be posted on the website as soon as it is confirmed.
